## **Charlotte Expert Presents at National Conference for Financial Professionals**

SAN FRANCISCO, Ca. – Karen McIsaac, Founder and Managing Director of Project Managers, Inc. ([www.projectmgrs.com](http://www.projectmgrs.com)), recently presented at the 2009 Association for Financial Professionals (AFP) Annual Conference 2009 in San Francisco, California.

Considered the most important event for treasury and finance professionals, more than 4,000 attendees attended this year's event. McIsaac's presentation, "Jump Starting Project Management" introduced attendees to the disciplined practices, controls and behaviors associated with project management.

“As we face the toughest economic times that many of us have seen in our lifetime, change initiatives will face more scrutiny than ever before,” McIsaac said. “This session will not turn attendees into successful project managers in just one hour, but it will provide them with a foundation on which they can build through consideration and research.”

### ***About Association for Financial Professionals***

*The Association for Financial Professionals (AFP) serves a network of more than 16,000 treasury and finance professionals. Headquartered in Bethesda, MD, AFP provides members with breaking news, economic research and data on the evolving world of treasury and finance, as well as world-class treasury certification programs, networking events, financial analytical tools, training, and public policy representation to legislators and regulators. AFP is the daily resource for treasury and finance professionals.*
